Welcome!

You're getting married and now the planning begins for your dream wedding day. Lots of ideas, research, and pinterest boards....it can seem a tad overwhelming.

Having photographed over 150 weddings I can help guide you along with the way with structuring timelines that I know work, together with solid vendor recommendations.

Hands down the comment I get the most from couples is 'we're so awkward in photos'. Don't worry, I guide you along the way with gentle directions that result in gorgeous natural looking moments as well as capturing candid's inbetween. I'm with you every step of the way!

"...HER FRIENDLY, CALMING AND PROFESSIONAL STYLE MADE US FEEL SO RELAXED AND COMFORTABLE. WE KNEW WE WERE IN GOOD HANDS FOR OUR PHOTOS AND SEEING HER WORK BACK ONLY FURTHERS THAT..." - AMBER JONES 2022

FAQ's

WHEN WILL WE RECEIVE OUR PHOTOS?

Sneak peeks to social media (if you allow) are posted within 24-48hrs and continue throughout the week. Your complete colour corrected gallery of images will be ready within 8wks of the wedding. - these are downloadable. Your personalised USB is posted to you a few weeks after the online gallery.

HOW MANY IMAGES CAN WE EXPECT?

This can vary depending on a few factors - bridal party size, amount of family group photos, how many guests etc. But as a general guide you could expect between 600-800 delivered images for 7hrs coverage.

DO YOU HAVE INSURANCE?

Absolutely, I have full photographic equipment and public liability insurance.

BOOKING FEE AND IS IT REFUNDABLE?

The booking fee is \$850 and goes toward the cost of your package. It is non-refundable and also acts as a cancellation fee due to making the date unavailable to other couples.

DO WE NEED A SECOND SHOOTER?

Short answer is no. I am very confident and capable of capturing a wedding day solo, giving beautiful coverage and an extensive gallery, including all of the key moments.. Having said that, if you are having a very large wedding ie. 100+ guests and a bridal party of 8+, then a second shooter maybe worth considering. (Second shooter rates are \$199 p/h Perth Metro).

DO YOU BRING BACKUP GEAR?

Absolutely!!!! This is so important. I have two cameras with me at every wedding and each one has 2 card slots which means every photo captured immediately has a backup on the second card. I have 9 lenses (both primes & zooms) and 3 Profoto flashes as well as backup batteries & Sd cards. One set of cards from your wedding day is never written over until after the gallery is delivered.

ANY ADVICE FOR GETTING THE BEST PHOTOS OUT OF MY DAY?

First tip is to allow enough time for your bride & groom and bridal party photos and ideally have those scheduled for golden hour (the hour prior to sunset). I can guide you with the best timeline for your day, that from past experience I know will be less stressful. Lastly let me guide you with gentle directions which will create gorgeous moments and result in stunning portraits and natural looking photos .
